ATELIER TOTORI PLUS: THE ADVENTURER OF ARLAND COMES TO PLAYSTATION®VITA

MARCH 25, 2013, SYDNEY - Tecmo Koei Europe is pleased to announce today the upcoming release of Atelier Totori Plus: the Adventurer of Arland as a download only title for the PlayStation®Vita.

Atelier Totori Plus: The Adventurer of Arland is the PlayStation®Vita version of the fan favourite Atelier Totori: The Adventurer of Arland, which was originally released for the Playstation®3 computer entertainment system in 2011, and it is the first title of the Atelier series to be released for the handheld console.

This visually beautiful turn-based RPG follows the story of Tootoria Helmold, Rorona's young apprentice alchemist, who dreams of leaving her small fishing village and becoming an adventurer.

Totori, as her friends and family call her, decides to embark on a journey to Arland, to explore the world and try to find her missing mother. Along the way she makes many friends and when she completes her quest it is the player's actions throughout the game that decide the outcome of her unique adventure.

Atelier Totori Plus: The Adventurer of Arland includes three additional party characters, Ceci, Iksel and Cordelia (previously available as downloadable content), new costumes, an additional powerful weapon as well as various new accessories the player can use to change Totori's appearance.

Those who download the game before the 20th of April will receive a bonus DLC with an Angel and an Imp swimming costume for Totori!
