Mindscape Announces Partnership with Cadsoft Corporation for ProArchitect - the Professional Architectural Design Software

06 March, SYDNEY:- Mindscape Asia Pacific, a leading Australian software publisher and distributor, today announced that it has partnered with Cadsoft Corporation, the leading developer of Building Information Modeling (BIM) software for the professional design and construction market, to bring **ProArchitect** to the Australian and New Zealand markets.

ProArchitect is a powerful yet cost-effective solution that was developed specifically for the design professional looking for all the benefits of a BIM platform but wanting a program that could streamline their workflow, increase productivity and improve the quality of their work.

Based on the award-winning Envisioneer platform, ProArchitect delivers all the functionality needed to produce 3D residential and light commercial design projects.

ProArchitect boasts the following exciting features:

- A true Building Information Modeling (BIM) platform
- **NEW! Australian Standard size Walls, Windows and Door Objects**
- Editable Materials list that can be exported to Excel
- High quality photo-realistic renderings and animations
- Detailed production working drawing layout
- CAD drafting production toolset
- Automatic elevations, sections, and plan generation using SmartView technology
- Read / write compatibility with industry leading file formats including DWG and SKP

"We are really excited to bring such a complete, easy-to-use 2D and 3D integrated solution to Australian and New Zealand Architects", said Tonia Velasco, COO at Mindscape Asia Pacific. *"ProArchitect can be used for designing small renovations, custom homes and light commercial buildings, making it possible for designers to complete projects of any size with unparalleled speed and accuracy at an affordable price."*

ProArchitect was showcased at the International Builders Show in Las Vegas in January and will retail in Australia and New Zealand for $895. The product is now available as a download through the Mindscape website at http://www.mindscape.com.au/category/proarchitect.do
