

KONAMI details today's PES 2013 online updates

*Konami Digital Entertainment GmbH will release the first free update and second DLC elements for its stunning **PES 2013** title today, enhancing the online elements of the game and bringing its team rosters up to date.*

As with previous iterations of the series, KONAMI is committed to constantly adding to **PES 2013**, and the first update content ramps up the online side of the game. Available today for PlayStation®3, Xbox 360 and Windows PC, the update adds a Widget system that acts as a shortcut to gathering friends together for online matches. **PES 2013** allows up to eight people to play in a match simultaneously, and the new download adds Community modes, wherein friends can be automatically selected from a pre-determined list, and allows Communities to track and monitor their results. Users can also now concede a match at half-time.

KONAMI will also release a 2nd DLC pack that reflects all summer transfers, adds further UEFA elements, team updates and 11 new boot designs.
